Define your **Personal Meeting ID (PMI)** (recommend you use your full 10-digit office phone number)

Create your **Personal Vanity URL** (an alias for your personal meeting ID that can be used instead of the Personal Meeting ID). The Vanity URL is in lower case.

Update **Time Zone** (should reflect your local time)

Update **Language**

Update **Default Call in Country** (United States)

Customize your host key only if you plan to use the optional Zoom Personal Audio Conference (PAC) feature. The PAC feature is an alternative way to hold basic dial-in audio-only meetings where the host uses simple touch-tone commands to start and control the meeting instead of the Zoom screen interface.

Under My Meeting Settings

Edit Global Dial-In Numbers

Scroll to **Global Dial-In Numbers** and check the United States **408 638 0968** number. Since 408 is a California Area Code this is the best choice for most UC business. Uncheck all other numbers, especially the United States **646 558 8656** number as this is in a New York Area Code.

Country	Number
<input checked="" type="checkbox"/> United States (Toll)	+1 408 638 0968

Save the Change. This toll number will be shown on the Invitation email.

Users can assign scheduling privileges to other users so meetings may be scheduled on their behalf. Under **My Meeting Settings>Schedule Privilege** enter the email address of the person you want to assign scheduling privileges to, they must also have a Zoom account.

The **Personal Meeting ID (PMI)** can be associated with an instant, scheduled or recurring meeting.

If you wish to create meetings using different Meeting IDs; **Under My Meetings>Schedule a Meeting** and uncheck the **Use Personal Meeting ID** under Schedule a Meeting.

My Meeting	448-591-416	Start	Delete
test55	411-527-989	Start	Delete

A **new** Meeting ID will be assigned after selecting Schedule to confirm your new Meeting. Any meeting can be started at any time.
