

Riverside Physics Instructional Space Renewal

950535

Fiscal Year: 2015-16

Project Description

- Supports campus STEM initiatives while improving learning outcomes by renovating 13,110 ASF of instructional laboratories and one large lecture hall.
- Teaching laboratories will be designed to support interactive, research-infused teaching pedagogy and online/cloud real time interactions.
- The 290 seat lecture hall will provide new student stations with network and power to the desktop, enhanced access, and completely refurbish a rotating "stage" area to improve course delivery (lectures and demonstrations).
- Restroom facilities improvements are also included to address the current code or accessibility standards.

Project Scope Summary

ASF	13,113
GSF	35,300

Summary of Budget by Fund Type

State Eligible	\$	9,516,000
Total Budget	\$	9,516,000
