Most students are admitted directly to doctoral programs without a master's degree.

* Programs are listed under a different name

Legend

1 = This Ph.D. program does not admit students without a master's degree
(program provides an integrated curriculum of greater breadth between two disciplines)

3 = Articulated degree program
(program does not allow any credit overlap)

4 = Joint degree program
(program offered between two or more institutions)

Most students are admitted directly to doctoral programs without a master's degree.

* Programs are listed under a different name

1 = This Ph.D. program does not admit students without a master's degree

2 = Concurrent degree program
(program provides an integrated curriculum of greater breadth between two disciplines)

3 = Articulated degree program
(program does not allow any credit overlap)

4 = Joint degree program
(program offered between two or more institutions)
