State-Funded Enrollment

• In 2008-09, UC was over-enrolled by 11,700 students
• Four-year plan to reduce total enrollments by 8,000 – 10,000 students
• For 2009-10, first-time freshmen were reduced by 2,300 to slow enrollment growth and CCC transfers increased by 500
• Even so, projected over-enrollment will still grow to nearly 14,000 students in 2009-10
• 2010-11 recommendation:
  – Reduce first-time freshman by another 2,300
  – Increase CCC transfers by another 250

Salary Reduction Plan

• Approved by the Regents in July
• Implemented September 1, 2009
• In effect until August 31, 2010
• Recognized statewide for thoughtful protection of lower paid employees
• Will generate savings of $184 million in 2009-10
UC Retirement Plan

• In January, Governor included $20 million in 2009-10 state budget proposal, subsequently eliminated in the Special Session

• In February, Regents approved April 15, 2010 implementation date

• Annualized 2010-11 State share: $96 million

• Total core funds cost to UC: $108.9 million

Addressing the Budget Gap

• 2010-11 UC Budget Gap $632.6 M

• Equivalent to:
  – Eliminating State support for 2 medium-sized campuses
  – Reducing enrollment by 57,500 students
  – Closing UC libraries and public service programs
  – Terminating 8,300 employees
  – Eliminating all core-funded student financial aid
UC Administrative Efficiencies and Other Actions

- Strategic Sourcing $154.0 M
- UCOP Restructuring $62.2 M
- Energy Savings Program $18.0 M
- Other Actions:
  - Senior management salary freeze
  - 5% senior administrator pay reductions on July 1, 2009
  - Cancellation or deferral of bonus and many incentive programs
  - Suspension of staff merit awards
  - Restrictions on hiring, travel, and purchasing
Campus Budget Actions

- Greater impact on administrative versus academic programs
- Administrative restructuring and consolidations
- Positions eliminated, hiring deferred, and layoffs
- Service reductions
- Increasingly using “one-time” campus reserves
- Class sections reduced or eliminated, class sizes increased

“Unrestricted” Net Assets

• UC does not have billions of dollars in uncommitted funds that it can use to make up for massive reductions in state support.

• UC’s June 2008 financial statements reference $5.3 billion in "unrestricted net assets" — terminology required to be used under GASB requirements.

• The definition of “unrestricted” must be used for any funds that are not subject to externally imposed restrictions. “Unrestricted assets” does not mean uncommitted assets.

• Funds are kept in over 76,000 funds and accounts that each individual campus controls for very specific uses including:
  – endowments
  – capital project funding
  – medical centers
  – operating funds to support academic programs and research initiatives on a multiple-year basis
  – liening funds for authorized equipment purchases and services that have not been expended by the end of the fiscal year
“Unrestricted” Net Assets

• The next issuance of our audited financial statements summarizing our financial condition as of June 30, 2009 will show a substantial drop in our unrestricted net assets to an amount below $4 billion.

• Some of this drop is attributable to the growth in our unfunded retiree health care obligations and investment losses.

• The financial statements will show a decrease in operating cash balances at our campuses. These accounts are used by campuses to meet a variety of expenses throughout the year for core instructional needs.

• The substantial budget cuts from the State – including those in the middle-and-end of the 2008-09 fiscal year – hit our campus programs so late that all available funds had to be tapped to help bridge over to the current fiscal year.
Preview of Unrestricted Net Assets for FY 2008-09

Total to be reported: Below $4 billion, down from $5.3 billion

Highlights:

- Capital Projects $946 M
- Medical Centers $512 M
- Endowment Income/FFEs $1,199 M
- Debt Service Funds $35 M
- Misc. Student Fee & Auxiliary Payments $699 M

Financial Aid for UC Undergraduates

• Financial aid and tax credits provided more than $1.7 billion to UC undergraduates in 2008-09

• 55% of undergraduates received $1 billion in grants and scholarships with an average award of $11,100

• One-third of undergraduates are low-income, Pell Grant recipients, more than any other comparable research university
Financial Aid Enhancements: 2009-10

• Augmentations to Cal Grants and UC grants to cover fee increases of lower-income students

• Pell Grant expansion raising maximum award by $619, from $4,731 to $5,350

• Tuition tax credit expansion raising maximum credit and raising income ceiling

• Introduction of Blue and Gold Opportunity Plan ensuring systemwide fees coverage
