

Clark Library Seismic Correction

- Provides structural corrections to the William Andrews Clark Memorial Library, constructed in 1925-26.
- Upgrades the Library’s seismic rating from “Poor” to “Good.”
- Structural improvements include anchoring the roof diaphragm to the masonry walls, reinforcement of the masonry walls, and anchoring of architectural elements.
- Includes mandatory fire/life-safety and accessibility upgrades triggered by the structural work.
- Part of the campus’s Seismic Safety Program.
