

LaRue Bridge Renewal

- Modifies LaRue Bridge to provide for the safe accommodation of multiple modes of transportation: pedestrians, bicycles, and vehicles.
- Brings LaRue Bridge’s current configuration of two vehicular lanes and narrow pedestrian walkways up to current design standards; widens the Bridge to include bicycle lanes and includes ADA compliant pedestrian walkways.
- Anticipated funding through the federally funded Highway Bridge Program (HBP), and administered by CalTrans.

Budget Approval

Budget Year 2014-15

Summary of Budget by Fund Type

<u>Funding Source</u>	<u>Amount</u>
Campus Funds	\$800,000
Federal (Grant)	\$5,200,000
Total Budget	\$6,000,000
