

Environmental Health and Safety Facility

- Constructs a waste-handling and storage facility for low-level radiation, chemical, and universal waste. Includes an equipment-calibration laboratory, shower and locker rooms, and an administrative office.
- Located on Heller Drive, within walking distance of the majority of campus waste generators, but in an isolated area that provides separation for safety and security.
- Provides sufficient space that is built in compliance with current building and fire codes and waste-handling regulations.
- Supports campus CFP objectives for Instruction and Research Program Development; Retrofitting and Upgrading Existing Academic Facilities; and Campus Environment, Sustainability, and Life Safety.

Budget Approval

Budget Year 2014-15

Project Scope Summary

ASF	5,200
GSF	8,660

Summary of Budget by Fund Type

<u>Funding Source</u>	<u>Amount</u>
State	\$19,026,000
Total Budget	\$19,026,000
