

Fiscal Year: 2015-16

Project Description

- Establishes a new facility for the School of Business Administration (SoBA) to accommodate enrollment growth in the graduate programs and the corresponding growth in faculty/staff. The facility will also support efforts to establish self-supporting programs, and to place a greater emphasis on an undergraduate business program.
- The goal is to create an environment that enhances SoBA's primary mission and abilities to achieve its vision to become a premier center of management research and education.
- The facility will also allow SoBA to consolidate instruction and research programs at a single campus location and will encourage interaction and foster community within the School.
