

Santa Cruz Student Housing Telecommunications Infrastructure
Upgrades Phase 2

976499

Fiscal Year 2016-17

Project Description

- Telecommunications improvements are needed to avoid failures of communications systems that have exceeded life expectancy in student housing buildings. These improvements are part of the larger campus-wide telecommunications improvements in accordance with the Santa Cruz campus 2010-2020 Telecommunications Master Plan.
- Project includes communications-systems design, cabling, equipment, and installation while expanding and enhancing wireless service to students.
- This project includes inside cable plant and equipment upgrades in 84 student housing apartment buildings located at Kresge, Porter, Cowell, and Stevenson Colleges; Crown-Merrill Apartments; Colleges Eight, Nine, and Ten; Redwood Grove, Village Housing, Graduate Housing, as well as upgrades to the student housing residence halls that were not included in Phase 1.
- Supports campus CFP objectives for Student Life/Intellectual Engagement and Residential Life; and Campus Environment, Sustainability, and Life Safety.
- The project is funded from Housing Auxiliary Reserves. Student housing fees will not be increased beyond what is planned in the Housing ten-year financial plan.
