

San Francisco Precision Cancer Medicine Building at Mission Bay

Fiscal Year: 2016-17

Project Description

- This building will complete the clinical outpatient development included in the 2008 EIR. Helps meet the need for increased demand for cancer clinical services, frees up space in the Gateway building for pediatric growth, and minimizes need for leased space.
- Outpatient building including exam rooms, radiation oncology, infusion, imaging, and other ancillary services.
- Project Site Location - Adjacent to Gateway building at corner of 3rd and 16th streets.
- Should gifts not be raised before funds are committed toward construction, equity funds, either campus funds or hospital reserves, will be committed toward the project costs, until the gifts are raised.

Project Scope Summary

ASF	0
GSF	170,000

Summary of Budget by Fund Type
