# UC Community Safety Plan

2021

# On campus safety and security

---

To the University of California community:

Today, we stand together at a pivotal moment in history. Recent events in our streets and our courts have catalyzed a powerful examination of policing, race and systemic injustice in America. As an epicenter for social movements and research that serves the public good, the University of California has never shied away from challenging conversations about systems and practices that perpetuate racism, inequality or injustice.

As we continue to examine how our nation — and our institutions — can do more to live up to our highest values of fairness and justice, UC has been engaged in a systemwide effort to reimagine our approach to campus safety and security. Drawing on extensive input from campus safety task forces and a UC-wide symposia on safety and security, as well as feedback from students, faculty, staff, alumni and other stakeholders, we have developed a plan that I believe will help us meet this moment and build a university community that is safe and welcoming for all.

This plan represents a transformational change for UC toward a more data-driven, service-oriented, community-centric approach to campus safety. Under this new model, a multidisciplinary team of mental health professionals, campus police, social service providers, police accountability boards and other personnel will work together to prioritize the well-being of the entire UC community. This reimagined structure will ensure that the most appropriate responders are deployed to meet our community's specific needs with tailored care, resources and services. This integrated, holistic approach to safety and security is a significant cultural shift for UC, and one that will require all of us working together with open hearts and minds.

This plan also puts in place important new measures to ensure accountability and transparency in how UC approaches campus safety. New advisory bodies that reflect our diverse campus communities will provide independent oversight. A new centralized data dashboard will track the progress we're making across the system, giving us the information we need to answer timely questions and continually improve. Finally, new real-time platforms will empower anyone to provide immediate feedback on interactions with campus safety staff.

These improvements do not represent the end of this conversation at UC. This community-driven plan is designed to be a living document that we will continue to update and adapt together, taking into account the latest information and data. Looking forward, I have asked each UC Chancellor to appoint an individual or team to manage ongoing implementation of these guidelines. The UC Office of the President will also designate a full-time position to monitor and support systemwide implementation of this plan, while ensuring it continues to meet the evolving needs of each UC location.

I am deeply grateful to everyone who contributed their time, energy and perspective to this planning process, and I hope that the entire UC community will stay engaged as we continue to improve our campus safety practices. I know these are deeply personal issues for many of you — as they are for me — and we won't always agree on the best way to proceed. But I know we can make meaningful progress by continuing to listen, collaborate and refine our approach as a UC family. Creating a more just and equitable world will always be a work in progress. But this is an essential step forward in building the welcoming, inclusive and safe environment that our university deserves.

Sincerely,

Michael V. Drake, M.D.  
President, University of California

# UC Community Safety Plan

---

## INTRODUCTION

Across the nation, communities are grappling with the hard truth that systems of policing and law enforcement have not safeguarded people equally. Too often, the same systems charged with providing protection have become a source of great distrust and fear. This plan to re-envision safety at the University of California starts by acknowledging that reality.

Students, faculty, staff, patients and visitors must be secure on our campuses and confident that the University is a supportive environment that is responsive to their needs. The Community Safety Plan creates a structure for achieving that goal. It calls for transforming UC's culture, policies and practices to ensure that all members of the community feel welcomed, respected and protected from harm.

Successful implementation of this plan is a top priority for the University — one that reflects UC's values and its commitment to equity and social justice. The plan emerged from robust discussions that began months ago, with Chancellors forming campus-based safety task forces to engage their communities in re-envisioning campus safety and policing. Two separate systemwide Presidential Symposia in early 2021 provided further dialogue about the best path forward. These efforts, in addition to input from stakeholders across the UC system and external experts, informed the plan's key guidelines:

---

### Community and Service-Driven Safety

Campus safety policies and practices must reflect the needs and values of our diverse community and be in service to them. This fundamental idea is reflected throughout the plan.

---

### A Holistic, Inclusive and Tiered Response Model for Safety Services

Safety will be defined in its broadest terms, and include mental health, wellness, basic needs and bias/hate response as well as other services. Multidisciplinary teams will triage behavioral health crises, conduct wellness checks and safely connect individuals to coordinated care, including health and social support resources.

---

### Transparency and Continuous Improvement Through Data

Campuses will collect and publicly share uniform campus safety data on a UC-wide dashboard to empower the UC community and inform change.

---

### Accountability and Independent Oversight

Independent police accountability boards, comprised of a broad cross-section of the UC community, will provide a robust complaint and investigation process to ensure that officers are acting consistently with rules, policies and the law.

Additional specifics of the plan are outlined below. In Part I, the guidelines that form the foundation of the plan are described. The guidelines are the basis for the key actions, described in Part II. A new role at the UC Office of the President will track systemwide implementation and report to the president on UC's progress.

It's important to acknowledge this plan marks the beginning of our collective efforts to achieve a new vision of campus safety. Given the complexities involved, this plan should be viewed as a living document that will be refined based on community feedback and empirical data. It is not the end point for achieving a new vision of campus safety. This starts the next phase of our collective efforts, and everyone has a role to play.

# Part I: Guidelines

The guidelines in Part I provide a high-level summary of the principles that inform the UC Community Safety Plan. These guidelines also give general direction on the approach that UC will take to achieve the actions outlined in the implementation framework of Part II.

---

## **GUIDELINE 1: COMMUNITY AND SERVICE-DRIVEN SAFETY**

All members of the UC community should feel valued, welcomed and free from any threat of physical, psychological or emotional harm. Our campus safety system must reflect the needs and values of a diverse campus community including those vulnerable to harm. Specific strategies and tactics in the campus plans will be shaped by a process that includes broad representation of the campus population and is sensitive to the needs of historically marginalized communities.

The campus safety system will provide high-quality service in a courteous and accessible manner that allows our community to feel safe and respected in every interaction. Interactions will be held to a high standard of respect and fairness and will be monitored. Hiring procedures and guidelines for campus safety personnel will involve participation of a broad representation of campus community groups including students, faculty and staff. This begins a continuous process of evaluation and improvement. Campuses will continually engage their communities and strengthen campus safety practices.

---

## **GUIDELINE 2: HOLISTIC, INCLUSIVE AND TIERED RESPONSE SERVICES**

To ensure the safety of the UC community, a tiered response model will match a call for service with the appropriate type of response and responder(s). This holistic approach will include mental health, wellness, basic needs, bias/hate response, law enforcement, emergency response and other services through interdepartmental partnerships and cross-trainings. Multidisciplinary crisis teams will be available 24/7 and triage behavioral health crises, conduct wellness checks, and safely connect individuals to coordinated care, including health and social support resources. Non-sworn security personnel will more visibly render services such as residence hall foot patrols, providing safe shuttles/walks for students, staffing events requiring additional security, and diffusing unsafe behavior.

The University will prioritize deterrence and violent crime prevention over the enforcement of non-violent minor offenses, such as non-hazardous traffic violations. The University will reinforce existing guidelines that minimize police presence at protests, follow de-escalation methods in the event of violence and seek non-urgent mutual aid first from UC campuses before calling outside law enforcement agencies.

---

### **GUIDELINE 3: TRANSPARENCY AND CONTINUOUS IMPROVEMENT THROUGH DATA**

A systemwide dashboard with campus-level detail will be created and regularly updated to inform and empower the UC community. Based on new systemwide reporting requirements and uniform standards for data collection, this information will be used to assess campus safety practices, generate recommendations for best practices and hold the institution accountable.

---

### **GUIDELINE 4: ACCOUNTABILITY AND INDEPENDENT OVERSIGHT**

Campus complaint processes are essential mechanisms for the community to report misconduct and ensure that officers are acting consistently with rules, policies and the law. A standardized and robust complaint and investigation process will be implemented through police accountability boards.

The UC Office of President will designate a full-time position in service to the campuses to coordinate campus safety, ensure continuous improvement through best practices and monitor the implementation of the UC Community Safety Plan.

Two UC campuses are currently accredited by IACLEA, the International Association of Campus Law Enforcement Administrators. IACLEA is grounded in President Obama's Task Force on 21st Century Policing and continually evaluates and implements best practices for campus safety as part of its accreditation standards. The remaining eight UC campuses will seek this accreditation. Review and accreditation by independent third-party experts will ensure operational readiness, align policies and procedures with modern professional standards and best practices, promote a strong emphasis on the safety of the public and officers, offer additional community input opportunities, and provide an independent and ongoing audit and review function.

# Part II: Implementation Framework

The Implementation Framework outlines specific actions that UC will take to achieve the goals of the plan with an expected completion date for each action. This is a living document that will be refined and improved upon over time, based on community feedback, campus safety data and new information that can help UC achieve the UC Community Safety Plan's overarching goal, which is a safer and more respectful environment for all.

The accountability body will include students, faculty and staff. To avoid conflict of interest and ensure the independence of the accountability body, no member or alternate can be a current or former campus police department employee, or a current employee of campus counsel or the investigation unit. This body will provide recommendations to the Chancellor and Chief of Police to ensure that complaints regarding UCPD policies and the conduct of UCPD personnel are resolved in a fair, thorough, reasonable and expeditious manner. These bodies will solicit public input and conduct community outreach.</p>	6/30/2022

The investigation and investigation report should be completed within ninety (90) days of being assigned to an investigator, unless for cause and authorized.</p> <p>Campuses will determine the appropriate offices to coordinate and staff the accountability body. The police accountability body will be staffed by UC employees who are organizationally independent of the police department. The campus police department will not lead the investigation of complaints brought before the accountability body or staff the accountability body.</p>	6/30/2022
4.2b	<p>For campuses that do not have an independent office with the expertise to review complaints filed against police officers, the campus will develop a process to provide independent investigative services and reports for campus accountability bodies. The investigation and investigation report should be completed within ninety (90) days of being assigned to an investigator, unless for cause and authorized.</p>	6/30/2022
4.3	<p>Ethics, Compliance and Audit Services (ECAS) will convene all trained police complaint investigators no less than annually for training and best practice sharing to ensure systemwide consistency and quality in investigatory services.</p>	3/31/2022

	ACTION	EXPECTED COMPLETION DATE
4.4	Each campus police department not currently accredited must begin candidacy for International Association of Campus Law Enforcement Administrators (IACLEA) accreditation.	12/31/2021
4.5	As accreditation is a process that consists of multiple steps and actions, campuses should begin on-site assessment by accreditors within 36 months of starting their self-assessment and policy alignment with accreditation standards.	12/31/2023
4.6	The UC Office of the President will designate a full-time position to monitor and support systemwide implementation of the UC Community Safety Plan, coordinate systems, policies and reporting; promote ongoing community engagement and consistency in campus safety; and review the complaint process for fairness, thoroughness, quality and speed. This position will also provide centralized assistance to support campuses in pursuit of IACLEA accreditation. This position will convene the primary service providers on each campus in the holistic tiered response model at least every two years in order to share best practices across the system, serve as a resource and guide continuous improvement.	12/31/2021
