

## National Aeronautics and Space Administration (NASA)

## Restrictions on Funding Activities with the People's Republic of China (PRC)

What You Need to Know

### **NASA GIC 12-01A 09.26.2012 Key Points and Reminders**

- Prohibition on using NASA funds to enter into or fund bilateral grant or cooperative agreements with China or a Chinese-owned company
- Applies to the prime recipient level, subrecipient level, and no-exchange of funds arrangements
- No bilateral participation, collaboration, or coordination with Chinese universities and other similar institutions as they are considered to be incorporated under the laws of the PRC
- Stricter interpretation of statute in recent federal prosecutions. Advise applicants to disclose all Chinese ties when considering NASA grant funding as part of application process.
