The 2015 UC-CORO Systemwide Leadership Collaborative Program will be offered to up to 40 administrators from UC campuses. The participants will form a Northern California cohort and a Southern California cohort. Each cohort will follow the same curriculum. The program will include campus explorations when participants will interview campus leaders and have the opportunity to visit and learn about the institution. This provides a direct opportunity to get a sense of the physical, intellectual, administrative and cultural nature of multiple University of California campuses.

The program is rigorous and requires a firm commitment of approximately 100 hours of seminars and intersession assignments. A group project will require an additional time commitment.
