*RE: Request for UC-CORO Systemwide Group Projects*

We are pleased to announce that the nominations and acceptances for the 2015 UC-CORO Leadership Collaborative have been finalized. We have two full cohorts for both the north and south and representation from all but one location.

As some of you may know, in order to make this a well-rounded learning experience the participants engage in a group project designed to potentially benefit all locations. Using the skills acquired from the program, each cohort will collaborate to address an UC-wide organizational issue and make recommendations. We'd like your ideas for a project and for you to consider sponsoring it for the group. The program participants will complete the project and deliver their recommendations at their graduation on November 5<sup>th</sup>, 2015.

Attached you will find information regarding project outcomes, objectives and criteria. If you are interested in becoming a project sponsor please send suggestions to Donna Salvo by February 1, 2015 to:

Executive Director, Systemwide Talent Management  
UC-CORO Program Director

Please feel free to reach out to Donna with any questions. With your help, we look forward to continuing the high value CORO participants derive from the program.

Sincerely,

Dwaine B. Duckett  
Vice President of Human Resources
