What is COAS?

The Cost of Attendance Survey (COAS) is an online survey administered every second year to a sample of all University of California undergraduate students. This survey is an important tool to better understand the day-to-day expenses of students. COAS data is used to estimate the total cost of attendance at UC campuses, which can influence financial aid policies and programs designed to help keep UC affordable for years to come.

Prizes

As an appreciation for your time, prize drawings will be held once per week while the survey is open. When you complete the survey, you will automatically be entered for a chance to win a prize in the remaining drawings.* Prizes are valued at approximately \$8,250 and include the following:

- Six \$500 gift cards (one awarded weekly while supplies last)
- Seventy \$75 gift cards (seven awarded weekly while supplies last)

The earlier you respond, the more chances you have to win. Winners will be notified via email and provided with additional details about their prize.

Voluntary Participation

Your participation is voluntary. Your decision to participate will not affect your grades or your relationship with UC or benefits to which you may otherwise be entitled. You may withdraw from the survey at any time, or skip questions that you do not wish to answer, with the exception of a small number of questions that are used to route you to appropriate sections of the survey.

Benefits

While there may not be any direct benefit to you from participating, COAS gives students an opportunity to comment on the cost of the education they are receiving in the context of their daily lives. This information helps the University evaluate and improve undergraduate programs and services.

Protecting Your Privacy

Your personal information, limited to your name and email address, is used strictly for sending survey invitation and reminder messages. Such information is only accessible by survey administration staff. After the survey is closed, your name and email address will be deleted from all survey datasets. Your student ID will be used to match survey responses against other data such as, but not limited to, your

demographics, enrollment records, graduation data, applicant data, and post-baccalaureate data. This data is used for analysis and reporting.

Please be assured that your responses will be kept confidential and the results of the study will be reported only as aggregate (group level) data. Any identifiable information that is obtained in connection with this study will remain confidential. When this information is stored on third party secure platforms and secure file transfer suppliers, confidentiality will be maintained and your privacy protected according to the University of California privacy and security policies. This information will only be disclosed when required by law. All data used in public reporting will be reviewed to ensure that your identity cannot be ascertained. Information will be retained in compliance with UC's Record Retention Schedule <https://recordsretention.ucop.edu/>.

Asking Questions and Reporting Concerns

If you have any questions about this study or how responses will be used, please contact survey staff at costofattendancesurvey@ucop.edu.

Consent to Participate

By selecting "Agree," I am providing my consent to this survey research effort, as described above.

I understand and will participate.

Agree (1)

Disagree (2)

*To enter the prize drawings without completing the survey, you must send an email to CostofAttendanceSurvey@ucop.edu with COAS Prize Entry in subject line and include your full name and student ID in the body of the email. This email must be received by June 6 to be entered in the final drawing. If you would like to be entered in the interim prize drawings, your eligibility starts one day after our receipt of your email.

Survey Instructions

Please follow these instructions when responding to the survey questions:

If you have a spouse, children, or other dependents, please include their housing, food, transportation, and personal expenses.

If you are **single with no dependents** and share any of the expenses asked about in the survey (e.g., housing, food, transportation, personal, health expenses) with roommates or family members who live with you, please **report your share only**.

On this survey, all expenses are to be reported for the **current academic year, 2022-2023**. When reporting weekly or monthly expenses, please estimate costs for a typical week/month within the current academic year, not necessarily the current week/month.

Only include expenses for those items specifically requested by each question. There is space provided near the end of the survey for any expenses that do not fit into the predefined categories.

Use the toolbar provided in the survey, not your internet browser, for backward and forward navigation.

You can leave the survey at any time and your answers will be saved. To access the rest of the survey, log in again to pick up where you left off.

Questionnaire

Living Quarters

For this academic term, where do you live?

- With parent(s) or legal guardian(s) (1)
- With other relative(s) (2)
- University dormitory or residence hall (3)
- University apartment or house (4)
- Off-campus non-university apartment, house, or room you are renting (5)
- Off-campus non-university dormitory or residence hall (6)
- House you own or are buying (7)
- Co-op (8)
- Homeless or no consistent place to sleep (e.g., couch surfing, living in car, no local home) (9)

Do you have children or dependents (excluding your spouse) for whom you provide at least 50% of their financial support?

- Yes (1)
- No (2)

What is your current marital status?

- Single (separated, divorced, widowed, or never married) (1)
- Married (2)
- Registered domestic partner (3)

Housing Expenses

The following set of questions will ask you about your living accommodations and expenses while residing in an off-campus apartment, a house you own, living with your parents or another relative, a co-op, or other non-university housing.

In the context of these questions, “housemates” refers to the number of people with whom you share a whole apartment or suite and “roommates” refers to the number of people with whom you share a bedroom. For example, if you live in a residence hall room with one other person, your answer to <housemates> would be “not applicable” and your answer to <roommates> would be “one”.
