### What is the Cost of Attendance Survey?

The Cost of Attendance Survey (COAS) is an online survey administered every other year to a sample of all University of California undergraduate students. This survey is an important tool to understand the day-to-day expenses of students. COAS data is used to estimate the total cost of attendance at UC campuses, which can influence financial aid policies and programs designed to help keep UC affordable for years to come.

### Prizes

In appreciation of your time, prize drawings will be held once per week while the survey is open. When you complete the survey, you will automatically be entered for a chance to win a prize in the remaining drawings.\* Prizes are valued at approximately \$6,000 and include:

- Six \$500 gift cards to campus bookstores
- Forty \$75 gift cards for Amazon

The earlier you respond, the more chances you have to win. Winners will be notified via email and provided with additional details about their prize.

### Voluntary Participation

Your participation is voluntary. Your decision to participate will not affect your grades or your relationship with UC or benefits to which you may otherwise be entitled. You may withdraw from the survey at any time or skip questions that you do not wish to answer, apart from a small number of questions that are used to route you to appropriate sections of the survey.

### Benefits

While there may not be any direct benefit to you from participating, COAS gives students an opportunity to comment on the cost of the education they are receiving in the context of their daily lives. This information helps the University evaluate and improve undergraduate programs and services.

If you're interested in how previous students' survey responses have been used, please visit the COAS survey website to access surveys from prior years, along with their administration details and comprehensive reports.

### Protecting Your Privacy

Your personal information, limited to your name and email address, is used strictly for sending survey invitation and reminder messages. Such information is only accessible by survey administration staff. After the survey is closed, your name and email address will be deleted from all survey datasets. Your student ID will be used to match survey responses against other data such as, but not limited to, your demographics, enrollment records, graduation data, applicant data, and post-baccalaureate data. This data is used for analysis and reporting.

Please be assured that your responses will be kept confidential, and the results of the study will be reported only as aggregate (group level) data. Any identifiable information that is obtained in connection with this study will remain confidential. When this information is stored on third party secure platforms and secure file transfer suppliers, confidentiality will be maintained and your privacy protected according to the University of California privacy and security policies. This information will only be disclosed when required by law. All data used in public reporting will be reviewed to ensure that your identity cannot be ascertained. Information will be retained in compliance with UC's Record Retention Schedule.

### Asking Questions and Reporting Concerns

If you have any questions about this study or how responses will be used, please contact survey staff at [costofattendancesurvey@ucop.edu](mailto:costofattendancesurvey@ucop.edu).

\* To enter the prize drawings without completing the survey, you must send an email to [CostofAttendanceSurvey@ucop.edu](mailto:CostofAttendanceSurvey@ucop.edu) with COAS Prize Entry in subject line and include your full name and student ID in the body of the email. This email must be received by June 6 to be entered in the final drawing. If you would like to be entered in the interim prize drawings, your eligibility starts one day after our receipt of your email.

## Survey Instructions

**Please follow these instructions when responding to the survey questions:**

Use the toolbar provided to go back and forth in the survey, not your internet browser. You can leave the survey at any time and your answers will be saved, log in again to pick up where you left off.

If you have children or other dependents, please include their housing, food, transportation, and personal expenses.

If you are single with no dependents, please report your share of expenses only, even if you live with roommates or family members.

All your responses are for the current academic year, 2024-2025. Please estimate costs for a typical week/month within the current academic year, not necessarily the most recent week/month.

Only include expenses for those items specifically requested by each question. There is space near the end of the survey for any expenses that do not fit into the predefined categories.
