Notes:
 (1) The Department of Defense Tuition Assistance (TA) Program provides tuition reimbursement for eligible students who are Active Duty, Reserve, and National Guard service members. The TA Program requires participating institutions to charge tuition to TA recipients on a per-unit or per-course basis rather than as a flat amount per term. The per-unit Tuition rates for TA recipients are calculated based on the applicable Tuition rates for new and continuing students and a standard, full-time unit load (15 units for undergraduate students, 12 for graduate students).

In cases where a TA recipient's unit load results in unit-based Tuition that is lower than the standard Tuition charge per term, campuses should assess the flat rate and apply a waiver to the student's account so that the student's net Tuition reflects the lower, unit-based amount. In cases where a TA recipient's unit load would result in Tuition that is higher than the standard Tuition charge per term, campuses should apply a waiver as needed to ensure that the TA recipient's net Tuition charge does not exceed the standard Tuition charge per term. In no case will a TA recipient pay higher Tuition than a non-recipient student with the same enrollment status and taking the same number of units. In some cases, a TA recipient will pay less, depending on the student's unit load.

These unit-based Tuition rates apply to regularly enrolled, matriculated TA recipients during periods of enrollment when the recipient would otherwise be subject to the University's standard, term-based systemwide Tuition. They do not apply to Summer Session or Extension courses since charges for those courses are already assessed to all students on a per-unit or per-course rate.

Note that the Department of Defense requirement applies to "tuition" and not "fees," which are generally not reimbursed by the TA program. Campuses should continue to assess applicable fees, including the Student Services Fee and campus-based fees, on a flat-rate basis.
