Mr. Joe Stephenshaw
Director of Finance
State Capitol, Room 1145
Sacramento, California 95814

Dear Senator Wiener, Assembly Member Gabriel, and Director Stephenshaw:

This letter conveys the certifications for all University of California locations with buildings subject to California Education Code section 92493 (SB85, Chapter 23, Sec. 17, Statutes of 2017) et seq. effective from July 1, 2023, through June 30, 2024. Certifications for prior fiscal years were previously submitted. In this certification period, there were 335 buildings subject to the code, that's an increase from the 304 buildings reported last year. As was seen in prior submissions, the attached certifications include certain exceptions where work traditionally performed by persons with University of California Service Unit job classifications were performed by contract workers. These exceptions are predominantly of a temporary or one-time nature and typically due to staff unavailability and/or recruiting challenges. In a few cases, the contracts were necessary because they were of a specialized nature.

If you have any questions, Associate Vice President Cain Diaz would be pleased to speak with you. Cain can be reached by telephone at (510) 987-9530, or by email at Cain.Diaz@ucop.edu.

Sincerely,

Michael V. Drake, MD
President

CERTIFICATION:

This letter satisfies the certification pursuant to California Education Code section 92493 *et seq.*, effective from January 1, 2017.

I certify that, following a good faith review of the record and based upon information and belief, for each completed building or facility (as listed in Attachment 1) in receipt of state funding, including where the University made debt service payments on a capital outlay or expenditure project after January 1, 2017, all cleaning, maintenance, grounds keeping, food service, or other work traditionally performed by persons in University of California (University) Service Unit (SX) job classifications:

1. Shall be performed exclusively by University employees in SX job classifications going forward, and,
2. Have been performed exclusively by University employees in SX job classifications between July 1, 2023 through June 30, 2024 (FY 23/24), or, if the building/facility became operational after July 1, 2023, since the date the building/facility became operational, except as noted below.

Exception:

Hopland Research and Extension Center (Hopland REC):

Some minor janitorial services were contracted at this location in response to an unanticipated emergency operational need in which, due to the extremely remote location (Ukiah, CA), the location was unable to have the work performed by in-house SX covered staff at the time. The contract was only used in response to the circumstances and has since been terminated. The total spend for 2024 was \$7500 dollars. The location has successfully hired an SX-covered Senior Custodian effective 4/29/2024.

Sincerely,

Glenda Humiston
Vice President
Agriculture and Natural Resources

Electronic Record and Signature Disclosure		

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, UCI Account (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact UCI Account:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:

To advise UCI Account of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at UCI@uci.edu and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from UCI Account

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to UCI@uci.edu and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with UCI Account

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

- i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: <https://support.docusign.com/guides/signer-guide-signing-system-requirements>.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to ‘I agree to use electronic records and signatures’ before clicking ‘CONTINUE’ within the DocuSign system.

By selecting the check-box next to ‘I agree to use electronic records and signatures’, you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify UCI Account as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by UCI Account during the course of your relationship with UCI Account.

2. Have been performed exclusively by University employees in SX job classifications between July 1, 2023 through June 30, 2024 (FY 23/24), or, if the building/facility became operational after July 1, 2023, since the date the building/facility became operational, except as noted below.

Exceptions:

1. Building/Facility: William Andrews Clark Memorial Library CAAN 4451

Work Performed: Security Service

Date: From on or about July 2022, through on or about June 30, 2025

Reason/Remedy: The Department is actively working to insource the security services agreement. The Department filled the previous vacancy during the past fiscal year, but another position was required and is being outsourced while the Department attempts to fill the additional vacancy. The contract will be terminated once the vacancy has been filled. The estimated insourcing date for this agreement is March 31, 2025.

2. Building/Facility: Jules Stein Eye Institute CAAN 4333

Work Performed: Security Service

Date: From on or about July 1, 2022, through on or about June 30, 2025

Approximate Number of contract workers: One to Two (1-2)

Reason/Remedy: The security services agreement was entered into by UCLA Health and the services are currently being performed in a Health clinic located inside of the building. UCLA Health has committed to insourcing by June 30, 2025.

3. Building/Facility: Rehabilitation Center CAAN 4594

Work Performed: Food Service

Date: From on or about July 1, 2022, through on or about June 30, 2025

Approximate Number of contract workers: Sixteen (16)

Reason/Remedy: Unit is in year eight (8) of a fifteen (15) year contract with food service vendor, which includes capital improvements to be completed during the duration of the contract. Terminating the contract and insourcing the work would result in significant contractual liability for the University. Contract will not be renewed.

However, without acknowledging that the service has been traditionally performed by AFSCME bargaining unit members, UC Santa Barbara has agreed to insource the work at issue. The position remains open and unfilled.
