Dear Senator Wiener, Assembly Member Gabriel, and Director Stephenshaw:

This letter conveys the certifications for all University of California locations with buildings subject to California Education Code section 92493 (SB85, Chapter 23, Sec. 17, Statutes of 2017) et seq., effective from July 1, 2024, through June 30, 2025. Certifications for prior fiscal years were previously submitted. In this certification period, there were 428 buildings subject to the code, which is an increase from the 335 buildings reported last year. As was seen in prior submissions, the attached certifications include certain exceptions where work traditionally performed by persons with University of California Service Unit job classifications were performed by contract workers. These exceptions are predominantly of a temporary or one-time nature and typically due to staff unavailability and/or recruiting challenges. In a few cases, the contracts were necessary because they were of a specialized nature.

Exceptions:

Building/Facility: Gallagher Hall

Work Performed: Custodial

Date: August 22, 2024-September 13, 2024

Approximate Number of Contract Workers: Unknown

Reason/Remedy: The Graduate School of Management had a deadline to complete cleaning in preparation for the AACSB continuous improvement review. UC Davis Custodial was unable to complete the required cleaning by the deadline. The contractor agreed to wage benefit parity to ensure that all contract workers were paid equivalently to UC Davis employees.

Building/Facility: King Hall

Work Performed: Food Service

Date: April 30, 2025

Approximate Number of Contract Workers: Unknown

Reason/Remedy: This event was initially booked to use UC Davis in-house catering service, Olive and Vine. However, due to the planned work stoppage of AFSCME SX employees on May 1, 2025, Olive and Vine cancelled the booking and it was necessary to book an outside caterer. The vendor agreed to wage benefit parity so that the contract employees were paid equivalently to UC Davis employees.

Exception(s):

1. Building/Facility: William Andrews Clark Memorial Library CAA 44-51

Work Performed: Security Service

Date: From on or about July 2022, through on or about June 30, 2025

Approximate Number of contract workers: Varies. Less than one (1)

Reason/Remedy: The service has been insourced, but the Department utilizes outsourced services for short-term coverage due to sick calls, vacation, FMLA, etc. It is not feasible to hire a full time University employee for this coverage since the number of hours needed in any given year is unknown. In addition, the uncertainty of when the outsourced services will be needed, in conjunction with work schedules of existing University employees, prevents us from relying on using existing employees on an overtime basis.

2. Building/Facility: Corrine A. Seeds Campus UCLA Lab School CMN 4400A

Work Performed: Security Service

Date: From on or about July 2022, through on or about June 30, 2025

Approximate Number of contract workers: Varies. Less than one (1)

Reason/Remedy: The service has been insourced, but the Department utilizes outsourced services for short-term coverage due to sick calls, vacation, FMLA, etc. It is not feasible to hire a full time University employee for this coverage since the number of hours needed in any given year is unknown. 3. Building/Facility: Jules Stein Eye Institute CAAN 4333

Work Performed: Security Service

Date: From on or about July 1, 2022, through on or about June 30, 2025 Approximate Number of contract workers: one (1) - two (2)

Reason/Remedy: The security services agreement was entered into by UCLA Health and the services are currently being performed in a Health clinic located inside of the building. UCLA Health is currently recruiting for this effort and has committed to insourcing by December 1, 2025.

4. Building/Facility: Rehabilitation Center CAAN 4594

Work Performed: Security Service

Date: From on or about July 1, 2022, through on or about June 30, 2025 Approximate Number of contract workers: one (1) - two (2)

Reason/Remedy: The security services agreement was entered into by UCLA Health and the services are currently being performed in a Health clinic located inside of the building. UCLA Health is currently recruiting for this effort and has committed to insourcing by December 1, 2025.

5. Building/Facility: UCLA Center for Health Sciences CAAN 4332D

Work Performed: Food Service

Date: From on or about July 1, 2022, through on or about June 30, 2025 Approximate Number of contract workers: Sixteen (16)

Reason/Remedy: Unit is in year nine (9) of a fifteen (15) year contract with food service vendor, which includes capital improvements to be completed during the duration of the contract. Terminating the contract and insourcing the work would result in significant contractual liability for the University. Contract will not be renewed.

CERTIFICATION:

This letter satisfies the certification pursuant to California Education Code section 92493 *et seq.*, effective from January 1, 2017.

I certify that, following a good faith review of the record and based upon information and belief, for each completed building or facility (as listed in Attachment 1) in receipt of state funding, including where the University made debt service payments on a capital outlay or expenditure project after January 1, 2017, all cleaning, maintenance, grounds keeping, food service, or other work traditionally performed by persons in University of California (University) Service Unit (SX) job classifications:

1. Shall be performed exclusively by University employees in SX job classifications going forward, and,
2. Have been performed exclusively by University employees in SX job classifications between July 1, 2024 through June 30, 2025 (FY 24/25), or, if the building/facility became operational after July 1, 2024, since the date the building/facility became operational, except as noted below.

Exception:

All Facilities listed in Attachment I

Work Performed: Pest Control - insect and small rodent control

Date: Various dates throughout the calendar year

Approximate Number of contract workers: 1

Reason/Remedy: There is a good-faith disagreement as to whether the pest control services at issue constitute "work traditionally performed" by AFSCME bargaining unit members. However, without acknowledging that the service has been traditionally performed by AFSCME bargaining unit members, UC Santa Barbara has agreed to insource the work at issue. The position remains open and unfilled.

CERTIFICATION:

This letter satisfies the certification pursuant to California Education Code section 92493 *et seq.*, effective from January 1, 2017.

I certify that, following a good faith review of the record and based upon information and belief, for each completed building or facility (as listed in Attachment 1) in receipt of state funding, including where the University made debt service payments on a capital outlay or expenditure project after January 1, 2017, all cleaning, maintenance, grounds keeping, food service, or other work traditionally performed by persons in University of California (University) Service Unit (SX) job classifications:

There is no SB820 contracting out exception to report between July 1, 2024 through June 30, 2025.

Exceptions for FY23/24 includes one service performed on June 18, 2024, however, the contract date was reported on July 18, 2024.

Building/Facility: Social Sciences 1, 1

Work Performed: Moving Service

Service Date: 6/18/2024

Contract Date: 7/18/2024

Approximate Number of contract workers: 2

Reason/Remedy: UC Santa Cruz Moving Services was contacted first but could not assist on the requested date due to student strikes on campus. The contractor was needed only that day to move a motorized wheelchair from the 4th floor, as the elevator was shut down for modernization.
