# CRISIS24HORIZON

Keeping You Informed and Safe,

Anywhere in the World

Expertise. Technology. Simplicity.

Crisis24 Horizon is the new risk management platform from security experts, Crisis24. We encourage you to access and utilize the new technology as part of our risk management program. The platform is available on both desktop and mobile apps and offers extensive threat intelligence and a range of features to help keep you informed and safe - no matter where you are.
The current Worlcue platform will be decommissioned on January 1, 2025.

What Are the Benefits of

- Alerts of threats and disruptions - Set up notifications and stay informed!
- Risk Ratings and Location Intelligence of safety & security issues in countries, provinces, and cities worldwide.
- Awareness of Threat Zones - areas within cities and regions that are of higher risk than the surrounding areas - such as high-crime neighborhoods.
- Advice Sheets to mitigate a range of safety and security issues.
- 24/7 Hotline and Crisis Signal on the mobile app to use in times of need.

How to Access Horizon

Desktop

Go to https://www.crisis24horizon.com/uc

Mobile App

Download from your app store or search for Crisis24 Horizon Mobile.

Download on the App Store	GET IT ON Google Play	OPPO
		ColorOS (OPPO Store) search for Crisis24 Horizon Mobile

Logging In

1. Open the mobile or web app, enter your email address, and tap Create Account.
2. Enter the additional personal details as well as the Member ID associated with your UC campus or unit. Request your Member ID from your campus Travel Risk Manager.
3. Open the Welcome email and click to activate your account.
4. Create your password and then Sign-In to access Horizon.

Desktop: Go to Preferences, located under your name on the top-right, and set up your preferred notifications.

Mobile: Follow the prompts to enable Push Notifications and Location Services to receive alert notifications based on your current location.
